Tina,
More for the Arkwood SDMS file...
Thank you
Ruben

Ruben,

As a heads-up, attached is a comments letter on the September 2012 Monthly Progress Report . It includes ADEQ's concerns about using the appropriate screening level when the spring water effluent returns to the state of groundwater. You should receive a paper copy in the mail within the next few days.

Please let me know if you have any questions, comments or concerns.

Thank you,

Mark Moix
